- *Radiant to provide POS retail solutions for a period of three years*

Selangor, Malaysia, 17 May 2019 - Retail technology solutions provider **Radiant Globaltech Berhad**, (Radiant Group, the Group, 锐腾有限公司, Bloomberg: 0202:MK, Reuters: RADI.KL) added Singapore's home-grown, Jollibean Foods Pte Ltd, a subsidiary of Berjaya Food Berhad, to its food and beverage (F&B) portfolio.

Known for their wide range of soy milk drinks, traditional snacks and desserts, Jollibean Foods owns and operates a chain of fast serving F&B outlets in Singapore under three brands, Jollibean, Sushi Deli and Kopi Alley.

The Group has rolled out front-end point-of-sales (POS) equipment and cloud based back-end and mobile retail services to all its 26 outlets in Singapore.

Under the agreement, Radiant Group would provide the POS retail solutions for a period of three years.

“As a matter of fact, we were able to secure Jollibean by leveraging on our recent acquisition of Adaptive POS Sdn Bhd in December 2018, whose front-end POS solutions enabled us to become a comprehensive provider for the multi-chain F&B stores. Jollibean is one of our key milestones by putting our footprint on F&B vertical markets and this adds another reputable name into our list of clientele.

We are optimistic that clinching Jollibean as a customer opens up a huge potential of scalability for us to ride along with their growth momentum in line with their expansion plan in the Southeast Asia region.

Going forward, we aim to continue seeking new customers in the Southeast Asia region with similar growth potential that we can mutually benefit from.”

***Paul Yap Ban Foo (“叶汶富”),  
Managing Director of Radiant Globaltech Berhad***

“Leveraging the strengths of our transformative partnership with Radiant Group represents a significant milestone in our efforts to expand Jollibean across the Southeast Asia countries and beyond.

We understand that not everyone are tech experts, so by working with Radiant Group, it allows us to make things simple for our partners and employees so that they can focus on managing their customers, and the business.”
